Subject: Spill Response Procedure	Policy #: 7.9
Prepared by: D. Sean Van Tuyl, DMD	Revision #:
Approved by: Board of Directors	
Effective Date: 7/21/2016	

7.9 SPILL RESPONSE PROCEDURE

POLICY:

It is the policy of Good Samaritan Health & Wellness Center Dental Clinic to establish uniform procedures for spills and actions to be taken to contain and clean up spills. It applies to all Good Samaritan Health & Wellness Center dental staff members.

1. Responsibilities: Each dental staff member must ensure he/she is familiar with the hazardous communication program, the hazardous chemicals in use in this facility, the material safety data sheets (MSDS), and spill clean-up procedures utilizing the proper personal protective equipment.
2. The Dental Director is responsible for the annual spill response training of the dental staff and for monitoring the spill clean-up kits and ensuring the dental staff is briefed on new material requiring specific clean up procedures.

PROCEDURES:

- Identify the spill and limit access to the spill.
- Obtain MSDS and limit spread of spill as fast as possible using the appropriate absorbent material from the spill kit.
- For large spills, notify the Clinic Director and the Dental Director.
- For small spills, refer to the appropriate MSDS section for

precautions for safe handling and the steps to be taken in case the material is released or spilled and the waste disposal method.

- Use PPE according to the MSDS.
